"Where the Sunny South and Golden West Meet"

In the Past Twelve Months

I have handled a total of some fourteen collections, (mostly at private purchase)—real collections—not consignments—including such world-famous collections as the Fred Joy, Boston; H. O. Mann, Denver; Charles Markus, Davenport; George H. Blake, New York; G. Kraft, Pittsburgh, etc., etc., a total valuation of about a Quarter Million Dollars, besides a number of single great rarities!

My advertising campaign for the past twelve months, to get new collectors and also to "unearth" rarities represented an expenditure of nearly Fifty Thousand Dollars in cash!

The above two FACTS are just two of *many* other reasons why I can serve YOU to your *satisfaction and profit* whatever your numismatic requirements may be—whether in buying or selling.

Correspondence invited—and cheerfully, promptly and courteously attended to by

Yours very truly,

B. MAX MEHL

PLEASE MAIL YOUR BIDS EARLY

To Avoid Misunderstanding Please Read These Terms of Sale Before Bidding

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same, the first received gets the lot. When two or more unlimited bids on a certain lot are received, the first one received gets the lot at an advance of 5% over the highest bid.

When I receive your bids, I consider myself as your agent and buy the lot for you as much under your bids as the next highest bid will permit. I simply execute your bids for you as faithfully as if you had yourself been present at the sale.

I CHARGE NO COMMISSION FOR EXECUTING BIDS

Lots sold as catalogued. No lot is broken under any circumstances. Bid by number of lot and at SO MUCH PER PIECE. If there are ten pieces in a lot and you want to offer $1.00 for the lot, make your bid 10c.

I guarantee all coins and notes to be genuine unless otherwise stated in catalogue. This guarantee holds good indefinitely.

NOTICE TO NEW BIDDERS

Buying coins at auction sales is not the same as receiving coins on approval. The coins are bought for you on your order and you are of course expected to accept and pay promptly for them. Auction purchases are strictly net cash. Be careful in making your bids. Be sure that you bid for the lot you desire and at so much PER PIECE.

TERMS: The terms of auction sales are strictly cash. Parties unknown to me must send a deposit covering at least 25 per cent of their bids or send satisfactory reference, otherwise they will not be accepted, as I cannot be expected to ship goods to parties whose good standing is not known to me.

Remittance should be made promptly in any way most convenient to yourself.

A neatly printed list of prices of this sale, showing amounts realized for each lot, will be sent for only 50c, CASH WITH ORDER. This is surely the cheapest and best method to keep posted on the prevailing prices of coins.

PLEASE SEND IN YOUR BIDS EARLY. All bids must be in on or before Tuesday, December 14, 1926.

If you have any coins that you want to sell either at auction or private sale, write me for terms.

The size of Coins and Medals in this Catalogue is given by Millimeters.

REMARKABLE SET OF THE HUGE GOLD OBANS OF JAPAN.

544 Keicho-Oban, about 1601. The largest Oban. The obverse is covered with five vertical rows of fluting and stamped at each end with Japanese characters. Oval shaped, size 92x150 mm. Weight, 198 grains. Villaret, Pl. XIII-28. Very fine condition. Of extreme rarity and highest interest. Very seldom offered and but very few in this country.

545 Genroku, Oban. Issued eighth year of Genroku, A. D. 1695. The flutings are larger and irregular across obverse; stamped at each end as on last specimen and also counterstamped on reverse. Large black characters in ink upon face. Size 92x150 mm. Weight, 166 grains. The finest specimen I have seen, as the characters are all plain and the coin is free from nicks or dents. A remarkable specimen. Munro, Pl. VII. Extremely rare and valuable.

546 Manen, Oban (about 1601), the smaller size but same type as last. Size 80x134 mm. Weight, 113 grains. Extremely fine. Very rare and valuable. Munro, Pl. XIII and XIV.
